DATE MAILED:

Please find below and/or attached an Office communication concerning this application or proceeding.

Commissioner for Patents

The reply filed on 1/12/2009 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): the current amendment is non-responsive because it does not work from what the patent office has on file. See 37 CFR 1.111. As discussed in an earlier phone interview, the patent office does not have the pre-amendment which applicant is said to have filed. To remedy this situation applicant has basically two options: first, as discussed during the phone interview, is to work from the original disclosure (assuming no pre-amendment) and; second, is to resubmit the pre-amendment papers as provided for under 37 CFR 1.8(b)(c). See MPEP 512 IV.

Since the above-mentioned reply appears to be bona fide, applicant is given ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Flemming Saether whose telephone number is 571-272-7071. The examiner can normally be reached on Monday through Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Victor Batson can be reached on 571-272-6987. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
